PROFESSIONAL SUMMARY

Highly motivated Computer Science student at Siena University pursuing a degree in Software Development with minors in Mathematics and Information Systems. Strong foundation in programming, problem-solving, and software development through academic coursework and hands-on projects. Division I student-athlete with demonstrated teamwork, communication, time management, and discipline. Seeking a Summer 2027 internship in software development, software engineering, or IT.

EXPERIENCE

Siena University, Albany — *Computer Science Tutor*

AUG 2026 - NOW

Simplified complex CS concepts, terms, and theories for better student comprehension.

Engaged with beginner CS concepts to enhance understanding while advancing in higher level classes.

Siena University, Albany — *Student Research Assistant*

MAY 2025 - AUG 2025

Learned and used Manim, a Python-based animation software, to develop several educational math-explainer videos.

Worked collaboratively with ChatGPT to streamline the learning and development processes.

Presented and explained my project to peers and professors at an academic showcase.

PROJECTS

Sixty-Six Card Game — *Java*

Developed object-oriented Java classes for a two-player card game, including deck management, card play, shuffling, and player functionality.

Implemented and tested game logic while debugging methods and validating program behavior.

SKILLS

Python
Java
R & RMarkdown
Excel
Creative thinking
Verbal and written communication
Problem-solving skills
Time management
